	Most of these adverts were originally created many years ago and marketed elsewhere. ELMTS have acquired the rights to use the artwork to make them available again. As part of this deal a donation from the sale of these products will be made to Blackpool Heritage Tram Tours.	
	Adverts printed on clear transfer paper designed to cover a white body shell (except where stated). NOTE: these are an aid to creating the advert, comprising the main part of the graphics. Additional painting etc will still be required.	
	PLEASE NOTE – There may be some minor differences in the artwork to the originals and should not be taken as 100% accurate reproduction but a good representation of the advert.	
	Due to the number of adverts they will be added to the range gradually as they need	

	some work before release. Please enquire for current availability.
